

Furnace Phase Out Notice (Select Models)

eRPB2102 | February 23, 2021

IMPORTANT DATES

Last Order:

February 26, 2021

Last Production:

April 2021

In conjunction with the launch of our updated A801X and A952V models in April 2021, we will be phasing out select furnace models. These phase outs will reduce the number of SKUs that have to be managed while maintaining functionality across the furnace product line.

The charts shown below detail the models phasing out and their future replacement.

Orders placed before February 26, 2021 will receive priority in fulfillment. All orders that cannot be fulfilled will be superseded to the appropriate model as shown below. Details surrounding the launch of the upgraded A801X and A952V families will follow in later bulletins.

Model Phasing Out	Superseding Model
A952V060BU3SA	A952V060BU4SA
A952V100CU4SA	A952V100CU5SA
A952V100CD4SA	A952V100CD5SA
A801X060BM3SA	A801X060BM4SC
A801X060BM3TA	A801X060BM4TC
