

Ameristar 14 SEER Packaged Unit System (AC Only)

Ameristar is proud to introduce a new low-cost 14 SEER Air Conditioner packaged unit system. This system will close a known gap in our low-cost portfolio of packaged unit systems, making us more competitive in specific geographies and applications.

Features and Benefits:

- ◇ Assembled in the USA
- ◇ Available in 14 SEER (R-410A)
- ◇ 2, 2.5, 3, 3.5, 4 and 5 tons
- ◇ Convertible supply & return
- ◇ AHRI and UL listed
- ◇ Small footprint for easy installation
- ◇ Architecturally compatible anti-rust steel cabinet, 500-hour salt spray tested
- ◇ Available for installation in all regions
- ◇ All-aluminum coils*
*5 Ton model has copper/aluminum indoor coil
- ◇ High-efficiency compressor operates smoothly, quietly and consistently
- ◇ In addition to other low-cost applications, designed for rapid replacement of modular/manufactured home applications:
 - ◇ Fits low-lot lines
 - ◇ High static blower system
 - ◇ Square-to-round duct accessory
 - ◇ Very competitive pricing
