» **SERVICE FACTS:**

ERVR-SF-2H

ENERGY RECOVERY VENTILATORS (ERV) NOW BADGED AND SHIPPED WITH ENVIROWISE BADGING

All models of Trane ERV'S will transition to the single SKU Envirowise badging and will be shipped with the Envirowise badge and box label. This action supports our strategy with IAQ products to improve inventory availability, and opens new sales channels for our branded offering of IAQ products and accessories. There is no change of source supplier, and there are no pricing changes. Our customers can expect the same standards, quality, and reliability as we have always delivered with our ERV lineup.

Envirowise Product Improvements:

- ▶ New white color cabinet and door
- ▶ Improved door latch system prevents door disengaging from cabinet when open
- ▶ Air balancing ports on front of cabinet door
- ▶ Guillotine damper included for OA adjustment
- ▶ HVI Certified Ratings
