Trane is proud to announce the release of the Deluxe MA Remote Controller (TAR-40MAAU). The TAR-40MAAU is an update to the previous PAR-33MAA Wired MA Controller.

In addition to retaining the functionality and compatibility of the PAR-33MAA, more features have been added to the TAR-40MAAU.

- ▶ Redesigned case
 - ▶ Updated the button symbols to English text
 - ▶ Updated button shape with a more modern design
 - ▶ Reduction in controller depth
- ▶ Supports CITY MULTI® setback mode
- ▶ Dark mode display option
- ▶ Co-branded with the Mitsubishi Electric and Trane® logos

The TAR-40MAAU will be released upon depletion of the PAR-33MAA controller close to the end of March 2020.
