# Launching Medium Foundation 7.5-12.5T Gas/Elec. Units

eTPB2128 | August 26, 2021

## IMPORTANT DATES

### First Order:

10T 208-230: Available now

7.5T: Available Late Q3

We are excited to introduce the Medium Foundation 7.5–12.5T gas electric units to finalize our portfolio. Customers can now compete in the emergency replacement space, particularly when working on a Carrier retro-fit application. Foundation is the best solution to replace Carrier weathermaker without the need of a curb and serve those initial-cost minded replacement customers.

## Pricing:

Available Now

We have created several Marketing Materials that can be used to familiarize yourself with the new offering as well as, current Foundation Offerings:

## Limited Lifetime

### Warranty:

consistent with small & large tonnages

- [Foundation Playbook](#): a comprehensive guide to all things Foundation
