

Nexia Home Intelligence

Setting up a New Account – Set up Wizard

Nexia™ Home Intelligence Set Up Wizard...

Creating a new account

- The account creation and set up process has been improved in the Nexia 2.3 firmware release which went live on 07/31/12.
- This update is a complete overhaul of set up process based on extensive feedback from our users, Nexia subscriber advisory board, and a deeper understanding of optimal Z-wave enrollment and communications.
- The new set up process features a new “enrollment cart” at the heart of this process. The new set up process features a new “enrollment cart” at the heart of this process.

NOTE:

- Depending on what devices the user selects to enroll, the set up process will be slightly different than a user who has different devices. This means the process is customized to each specific user and the devices they are enrolling. It removes any unnecessary steps for devices they are not enrolling.
- Click “Get started here” to create a new account

Nexia – Setting up a New Account

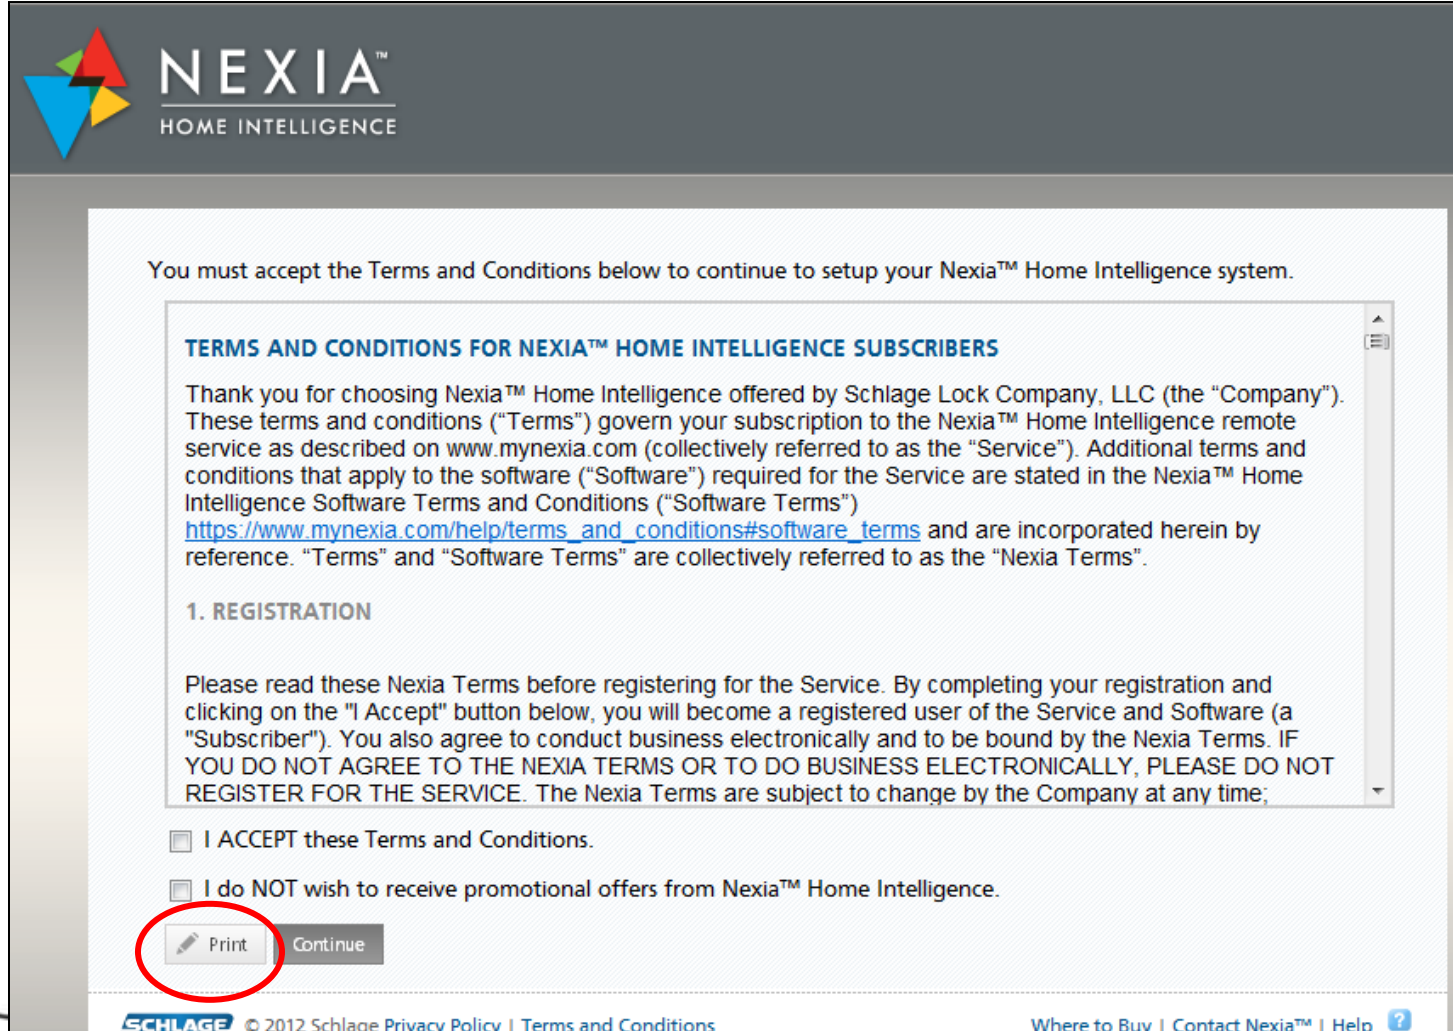

- When setting up a new account, a user will go to www.mynexia.com and click on the link to “Get started here!”

A screenshot of the Nexia Home Intelligence website's login page. The page has a dark grey header with the Nexia logo and the text "NEXIA™ HOME INTELLIGENCE". Below the header, there is a large white area with a background image of a house. On the left side of this area, there is a box with the text "SCHLAGE LINK™ is now Nexia™ Home Intelligence" and the Nexia logo. On the right side, there is a login form with the text "Welcome to Nexia™ Home Intelligence 2.1". The form includes fields for "Username" and "Password", a "Login" button, and a link for "Forgot your username or password? Click here.". At the bottom of the page, there is a dark grey footer with the text "Ready to setup a Nexia™ Home Intelligence system? [Get started here!](#)". The "Get started here!" link is highlighted with a red rectangular box. At the very bottom of the page, there is a footer with the Schlage logo, copyright information "© 2012 Schlage", and links for "Privacy Policy", "Terms and Conditions", "Where to Buy", "Contact Schlage", and "Help".

Terms and Conditions – Option to print

Account Set Up

- Standard account setup information

Account Setup

* Required fields

First Name *

Last Name *

Mailing Address ?

Country * ?

Street *

Address 2

City *

State *

Zip Code *

Primary Phone Number * ?

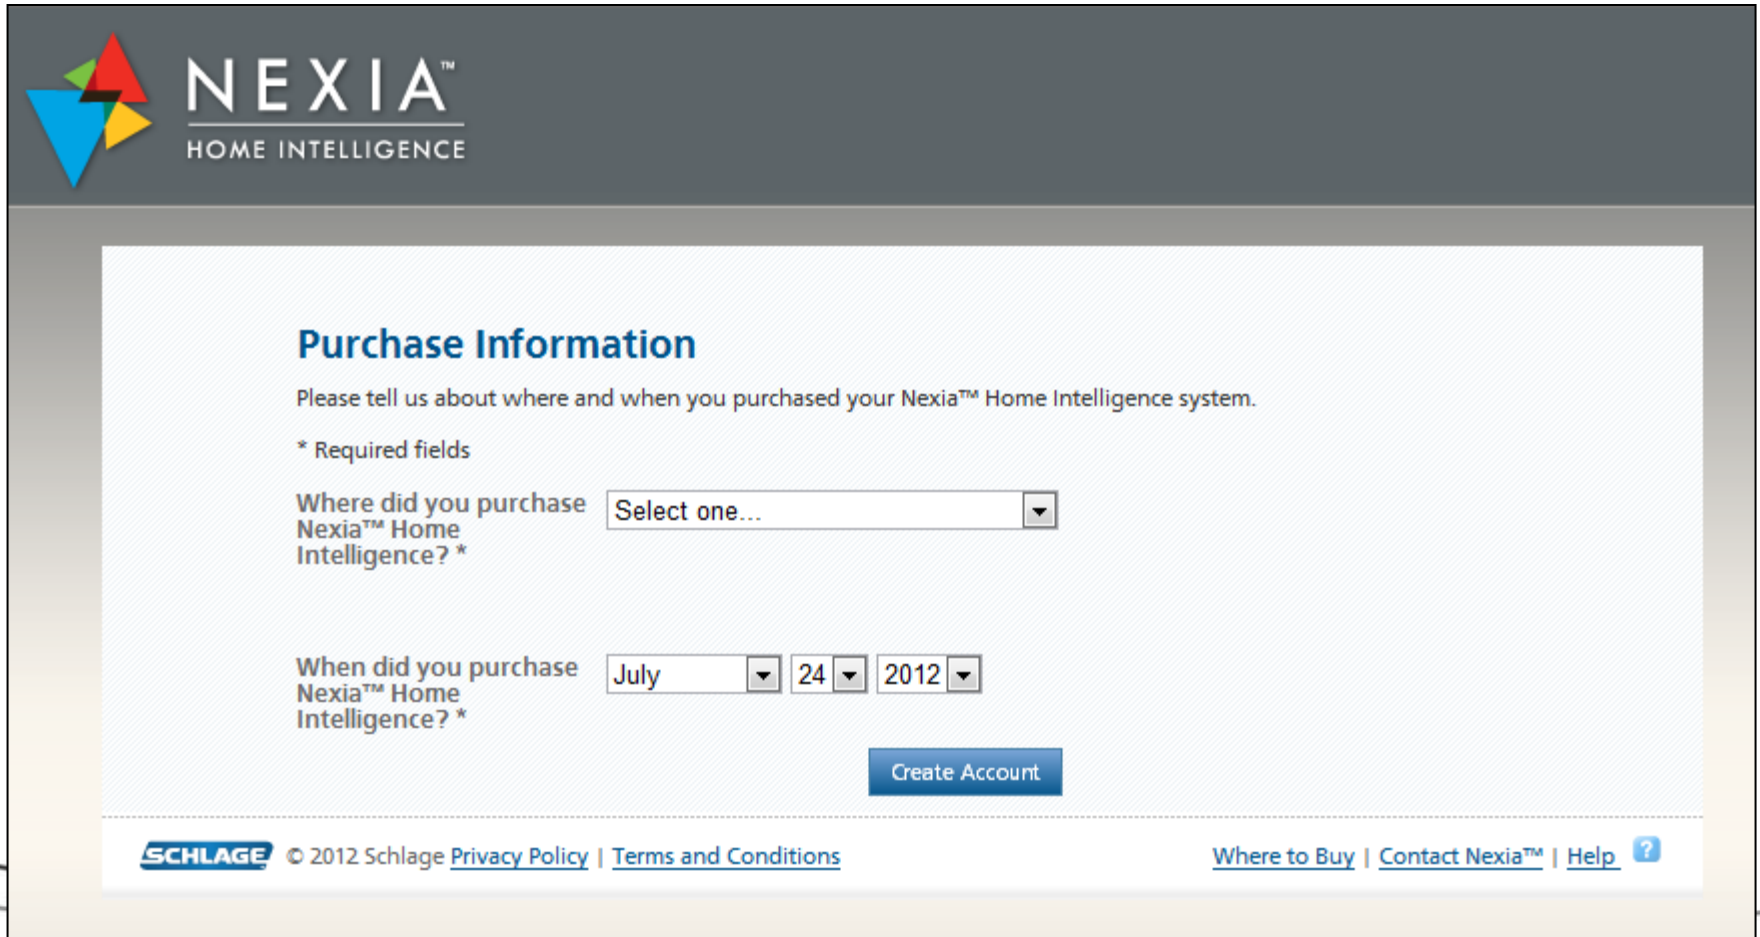

Username * ?

Email *

- New “question icons” are included by FAQs. Scroll over the blue question mark box to get more info
- This email is used for confirmation. This should be the “account owner’s” email.
- Before finishing account set up, the subscriber will need to access this email and click on a link to confirm their account.

Purchase Information

- Enter location and date of purchase
- This information is used to help us work with our dealers and channel partners.
 - Examples: Examining lag between purchase and account set up, satisfaction compared by purchase location, specific communications based on purchase location.

A screenshot of a web form titled "Purchase Information" for Nexia Home Intelligence. The form is set against a light gray background with a subtle dot pattern. At the top left of the form area is the Nexia Home Intelligence logo. Below the title, there is a short instruction: "Please tell us about where and when you purchased your Nexia™ Home Intelligence system." A note indicates that the following fields are required. The first field is a dropdown menu labeled "Where did you purchase Nexia™ Home Intelligence? *" with the text "Select one..." and a downward arrow. The second field is a date selector labeled "When did you purchase Nexia™ Home Intelligence? *" with three separate dropdown menus for the month (currently showing "July"), day (currently showing "24"), and year (currently showing "2012"). A blue "Create Account" button is positioned below the date fields. At the bottom of the form, there is a footer containing the Schlage logo, copyright information for 2012, and links to the Privacy Policy, Terms and Conditions, Where to Buy, Contact Nexia™, and Help (with a question mark icon).

Email Confirmation

- Confirmation email is sent to the Nexia subscriber's email account that was entered on previous screen.
- Login to email account and click on link to complete account activation.

Congratulations! You are one step closer to connecting with your home!

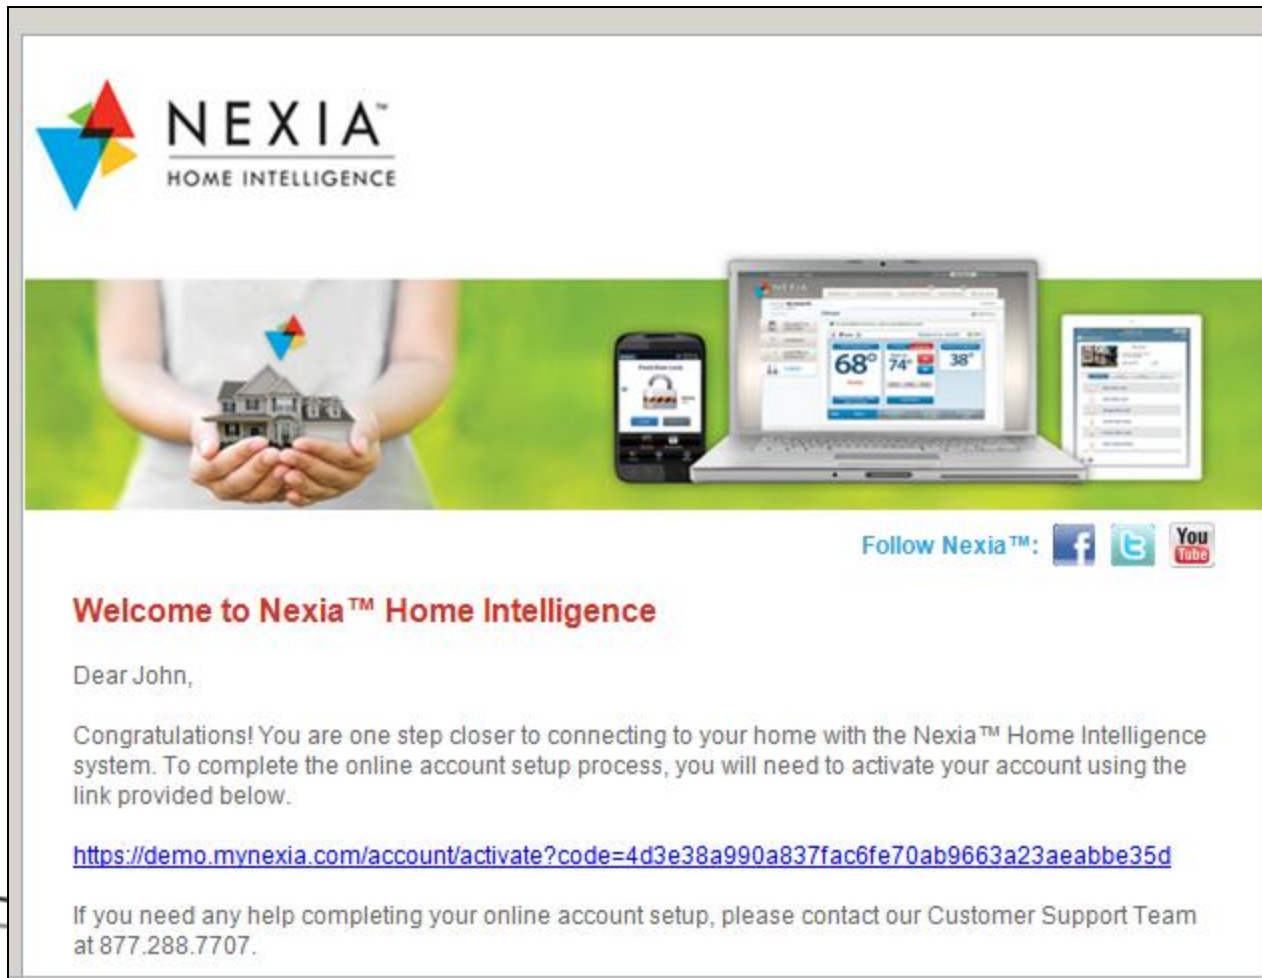

An email containing an activation link has been sent to you at **(Subscriber's @email.com)** You must click this link to complete the account activation process.

Please check your email. If you do not see this email within the next few minutes, please check your spam folder. You can call technical support at 877-288-7707 for further assistance.

Email Confirmation – Click on link

- Open the email from Nexia™ Home Intelligence with a link to confirm account and complete the activation process.
 - This is a new look and feel versus the prior email that went to new users.

Log in to Nexia™ Home Intelligence Account

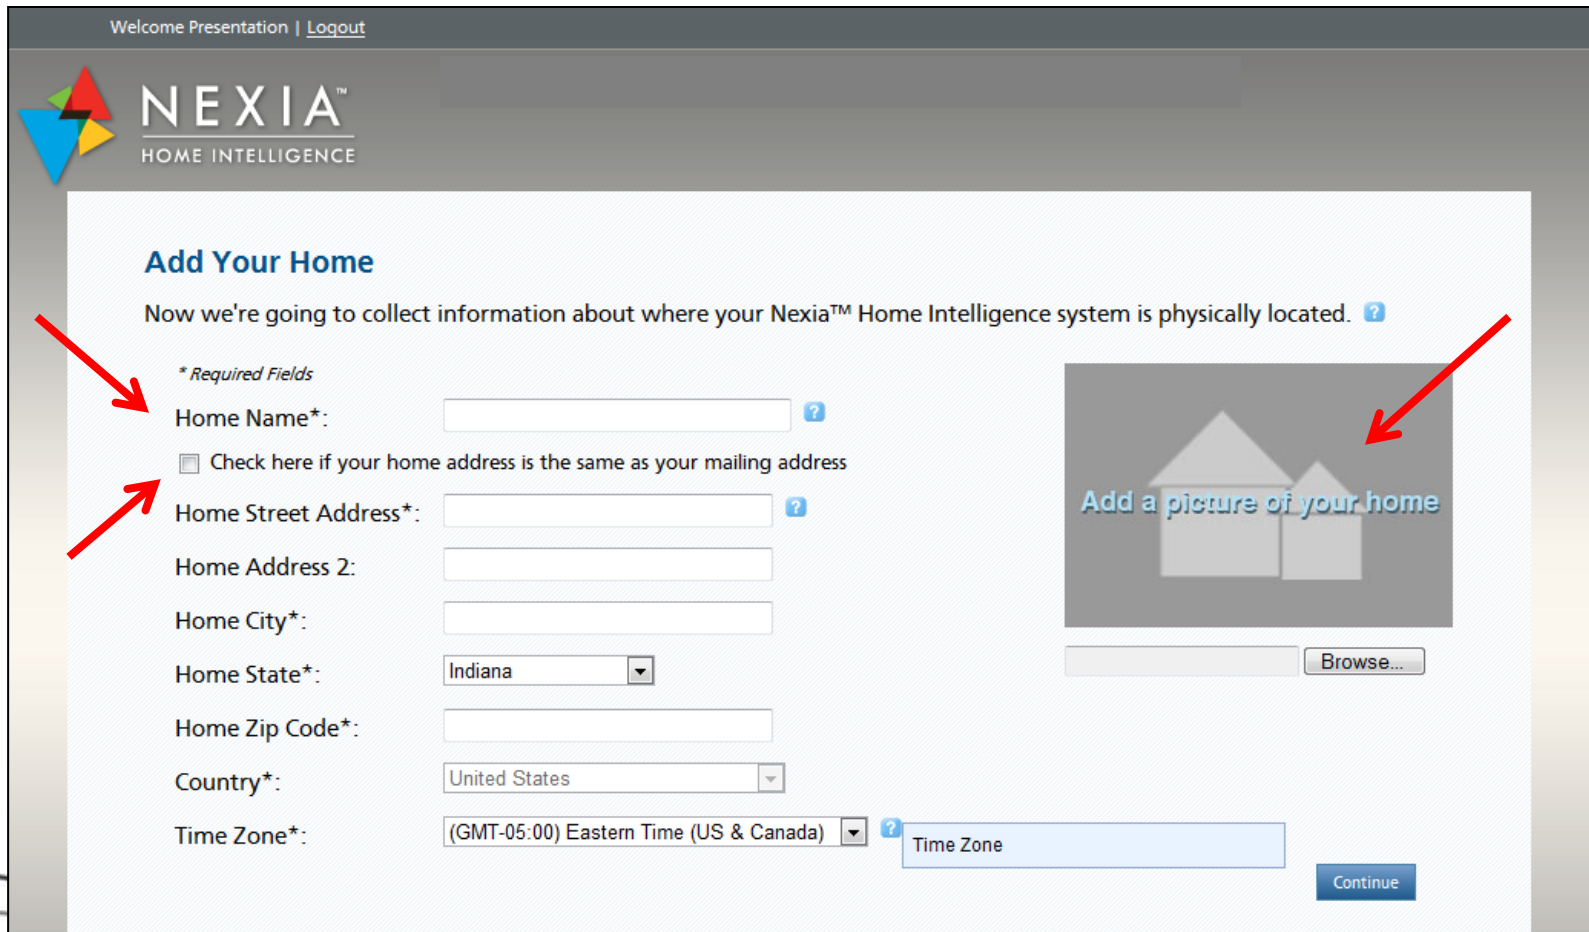

- Clicking the email link opens the login page.
- Enter the username and password that was entered on the previous screens

A screenshot of the Nexia Home Intelligence login page. The page has a light gray background with a subtle pattern. On the left, there is a large graphic with the text "SCHLAGE LINK™ is now Nexia™ Home Intelligence" at the top, a house image, and the Nexia Home Intelligence logo below. On the right, the text "Welcome to Nexia™ Home Intelligence" is displayed. Below this, a message reads: "Congratulations on creating your Nexia™ Home Intelligence account! Please login to finish the account setup process and start connecting with your home." Underneath the message are two input fields: "Username" and "Password", both of which are circled in red. Below the input fields is a blue "Login" button. At the bottom of the main content area, there is a link: "Forgot your username or password? [Click here.](#)". At the very bottom of the page, there is a footer with the Schlage logo and copyright information: "© 2012 Schlage Privacy Policy | Terms and Conditions", and on the right side, there are links for "Where to Buy | Contact Nexia™ | Help ?".

Home Set-Up

- Enter information about the house where Nexia™ Home Intelligence is installed:
 - Name, Location, and an option to add a picture to be associated with this house if desired.
- Check box to automatically populate the home address if it is the same as the mailing address

Set Up Process: Bridge – Getting Started

- In this example, the first step is adding a Bridge to the house
 - If the bridge was not selected in the enrollment cart, the set up wizard will move on to another device.
 - The bridge is not required for Schlage Cameras, American Standard AccuLink™ Platinum ZV Control, or the Trane ComfortLink™ II Control. These devices communicate directly to the Nexia subscriber’s wireless router.
 - The bridge is required for other Z-wave devices like locks, light modules, and the 400B and 500B thermostats
- Follow the onscreen instructions to confirm items required

Viewing: **My Home**

Helpful Tips

- Place your Nexia Home Bridge in an open space where it doesn't come into contact with other electronic devices.
- It's also important not to put your Nexia Home Bridge inside a metal enclosure since this may cause interference.
- The lights on your Nexia Home Bridge can be a powerful tool to explain what's happening with your system. A solid blue light indicates your bridge has power, a green light indicates it is connected to Nexia™ Home Intelligence, and a flickering amber light indicates Z-Wave® activity is occurring.

Device Enrollment

To enroll your Schlage Home Keypad Lock, please complete the steps below:

1. Disconnect the Nexia Home Bridge from the Internet and AC power. Install a fresh 9V battery into your Nexia Home Bridge.
2. Hold the Nexia Home Bridge within six feet of your Schlage Home Keypad Lock. Keep the Nexia Home Bridge in this position during the entire enrollment process. Press and release the plus (+) button on your Nexia Home Bridge. The orange LED on the Nexia Home Bridge will blink.
3. On your lock, enter the six-digit programming code. Wait for the lock to beep three times and the Schlage button to flash orange three times. ?
4. Press the Schlage button, followed by the 0 (zero) button. The Schlage button will begin to flash orange.
5. If your lock has successfully enrolled, the Schlage button will flash green. If the enrollment was unsuccessful, the Schlage button will flash red.
6. Observe the lights on your bridge. The orange light will blink while enrollment is taking place. The enrollment process is complete when the orange light becomes solid.
7. Remove the 9V battery from your bridge. Reconnect your bridge to the Internet and AC power.

Getting Started

To add a Schlage Home Door/Window Sensor to your home, complete the steps below:

Items Required

- Schlage Home Door/Window Sensor
- Nexia Home Bridge

Activate and Enroll the Sensor

1. Disconnect the Nexia Home Bridge from the Internet and AC power. Install a fresh 9V battery into your Nexia Home Bridge.
2. Bring the Schlage Home Door/Window Sensor and Nexia Home Bridge near the location where the sensor will be physically installed.
3. Hold the Nexia Home Bridge within six feet of your Schlage Home Door/Window Sensor. Keep the Nexia Home Bridge in this position during the entire enrollment process. Press and release the plus (+) button on your Nexia Home Bridge. The orange LED on the Nexia Home Bridge will blink.
4. Remove the sensor's plastic pull tab to activate battery power and start the sensor's enrollment mode. The sensor's LED will blink. (If the plastic tab is already removed, then remove the sensor's battery for 10 seconds and replace the battery to restart the enrollment mode. When enrollment is successful, the orange LED on the Nexia Home Bridge will light solid.
5. Remove the 9V battery from your bridge. Reconnect your bridge to the Internet and AC power.

Getting Started

To add a Schlage Home Motion Sensor to your home, complete the steps below:

Items Required

- Schlage Home Motion Sensor  
- Nexia Home Bridge 

Activate and Enroll the Sensor

1. Disconnect the Nexia Home Bridge from the Internet and AC power. Install a fresh 9V battery into your Nexia Home Bridge.
2. Bring the Schlage Home Motion Sensor and Nexia Home Bridge near the location where the sensor will be physically installed.
3. Hold the Nexia Home Bridge within six feet of your Schlage Home Motion Sensor. Keep the Nexia Home Bridge in this position during the entire enrollment process. Press and release the plus (+) button on your Nexia Home Bridge. The orange LED on the Nexia Home Bridge will blink.
4. Use a pin or paper clip to press the program button on the back of the sensor case. When enrollment is successful, the orange LED on the Nexia Home Bridge will light solid.
5. Remove the 9V battery from your bridge. Reconnect your bridge to the Internet and AC power.

Install the Schlage Home Motion Sensor in your preferred location.

I don't have a Schlage Home Motion Sensor to add to my home

Go back to enrollment cart to change enrollment list

Set Up Process: Motion Sensor - Enrollment

- Information box shows progress of enrolling the motion sensor into the bridge

The screenshot shows the 'Activate and Enroll the Sensor' section of the Nexia Home Bridge interface. A central white modal window titled 'Enrolling Devices' displays the progress: 'Attempting to discover your devices. This may take up to 60 seconds.' Below this, a list shows 'Attempting to discover devices' with a loading icon and 'New Sensor 2 -- Enrolled'. The background interface includes a sidebar with 'LIGHTING & MODULES' and 'CLIMATE' options, a 'Continue' button at the bottom, and a right-hand panel with video and FAQ links. A callout box on the left states: 'I don't have a Schlage Home Motion Sensor to add to my home'.

Nexia™ Home Intelligence Dashboard

- The “dashboard” view is the homepage after logging into Nexia Home Intelligence.
- Use the tabs on the left to control all enrolled devices.
- Use the tabs along the top to manage and customize your account.

The screenshot shows the Nexia Home Intelligence dashboard. At the top, it says "Welcome Presentation | Logout" and "View Home: Two Point Three (Edit Home)". The main navigation tabs are "Dashboard", "Scenes/Schedules", "Event History", "Recorded Videos", and "My Account". The current view is "My Home" at location "46032" on "July 24, 2012 5:49pm EDT".

On the left, there are five main control categories: SECURITY & SENSORS, CAMERAS, LIGHTING & MODULES, and CLIMATE. The "My Homes" section shows "Two Point Three 46032" with options to "Now Viewing", "Edit Home", and "Default Home".

The "Recent Events" table lists the following events:
