Trane is excited to announce the launch of S8B1, our 80% AFUE, builder-grade S-Series furnace. With new options down to 26,000 BTU/h and smaller cabinet sizes, this furnace family will be a great solution for any application.

**The S8B1 model family includes the following features:**

- 4-way poise convertibility (no conversion kits required)
- AirTite™ cabinet design is certified to meet 1.4% low leakage requirements
- Multiple venting options in every position\*\*
- 34" cabinet height
- Aluminized steel, tubular heat exchanger
- BTU/h offerings down to 26,000
- More durable, more efficient Vortica™ II blower design

Model Number	Nominal Airflow (Tons)	Dimensions (Inches)		
		H	W	D
S8B1A026M2PSAA*	2	34.0	14.5	28.75
S8B1A040M3PSAA*	2-3	34.0	14.5	28.75
S8B1B040M2PSAA*	2	34.0	17.5	28.75
S8B1B060M3PSAA*	3	34.0	17.5	28.75
S8B1B060M4PSAA*	4	34.0	17.5	28.75
S8B1B080M4PSAA*	3-4	34.0	17.5	28.75
S8B1C080M5PSAA*	4-5	34.0	21.0	28.75
S8B1C100M5PSAA*	4-5	34.0	21.0	28.75
S8B1D120M5PSAA*	5	34.0	24.5	28.75

\*These models will also be offered in a 40 ng/J low NOx version, identified by a 'T' in the 12th digit.

\*\*Kit is required to vent vertically through the cabinet (BAYVENT600A).
